

Details of Infrastructure

Play ground: - We have a spacious playground to encourage our students to engage in physical activities.

Library: - We have a library which is available to the students on all the working days. We have provided a library period which can be utilized to prepare assignments, projects and to enhance reading.

Laboratories:- We have well equipped laboratories . The school has separate Physics, Chemistry and Biology labs for Senior Secondary students.

Audio-Visual Room:- We have a conference hall in which students can watch videos and other presentations.

Class Library:- Each class is equipped with books that students can read to improve their knowledge. The class library is under the control class teacher.
